Have fun learning

Ever wanted to learn winter sports, open-fire cooking or comic book drawing? Or how does reindeer-feeding or trekking in wilderness sound? Or just living a day like a Finn?

These are only a few examples of all the different things you can experience in Finland. And what would be a better place than one of the safest countries in the world, and the creator of a globally recognized educational system?

There are courses and activities available for groups and individuals all around Finland all year round, and you’ll find the selection from this manual. So check it out. We welcome you to learn something new and exciting.
SUMMER CAMP SCHOOL
Summer camp in the Finnish countryside where you will learn about nature and how to take care of it, practice using English and use new, innovative games for learning. You will meet Finnish children and experience the Finnish lifestyle.

FINNISH PHYSICAL EDUCATION STUDY TOUR
The Finnish Vision: To be “the most physically active nation in the world and the most successful Nordic country.”

Introduction to top-level physical education in Finland. The winter sports capital, Lahti, together with two official Olympic training centres, Vierumäki and Pajulahti, offer top-level sports know-how and coach-to-coach services and packages for professional-level instructors and teachers. The tour also includes activities in the Finnish countryside and an elementary school visit. The package can also be tailor-made for particular sports.

Location: Lahti region
Duration: 3 days / 2 nights
STUDY TRIP PROGRAM WITH HOMESTAY ACCOMMODATION IN KALAJOKI

Get to know Finnish culture and study abroad at the same time. Kalajoki offers homestay accommodation in local families all around the year. Studying takes place at a local lower/upper secondary school. You can choose shorter or longer periods. School lessons for approximately six hours per day from Monday to Friday (subjects such as International Studies, English, Sports, Art, Music, Home Economics). Educational visits to a local kindergarten and elementary school are also included.

This package includes studying and doing homework with the host family's own schoolchildren. All meals are eaten with the family (breakfast, lunch, dinner, evening snack). Lunch is served at school on school days. Guided airport transfer from Kokkola airport and back is included. Choose some optional local activities in the study programme. Single/double homestay in local families. It is possible for a student to have a single room. There is a Finnish sauna in every home.

Kalajoki is one of Finland's most popular family holiday resorts, especially Kalajoki Sand Dunes (hiekkasärkät) situated about 10 km away from the schools. Dunes (hiekkasärkät) are surrounded by unique coastal dunes (like Baltic Sea) and are part of the Kalajoki Nature Park.

Location: Kalajoki
Duration: 1-3 weeks
Price: On request
Price includes: School programme, airport transfers, student hosting, guidance by parents, homestay accommodation, all meals. Optional activities available in winter: Guided safaris (snowshoe, snowmobile, ATV, fatbike), horseriding, indoor kids’ playground, adventure park, snow sailing, ice karting, bowling, spa, skiing, skating, geocaching, theme evenings, guided tour at the exhibition, nature tours and trips, guided visit to Plassi old town and Isopahkala Pottery, snow yoga, Finnish smoke sauna, baking and handicrafts workshops. In summer: Guided safaris, bicycling, golf, disc golf, minigolf, geocaching, beach volleyball and football, fishing in the salmon valley, adventure park, karting, hiking, nature tours and trips, sea excursions to the islands and archipelago, bird-watching, picking berries and mushrooms, canoeing, spa, sand yoga, waterpark, horse riding, SUP, windsurfing, museums, sights and attractions, Finnish smoke sauna and bath tub.

Availability: All year round, excluding school holidays (Winter holiday March 5th to 9th 2018, Easter holiday March 30th to April 2nd 2018, summer holiday June 2nd to August 10th 2018, autumn holiday week 43, Christmas holiday December 20th 2018 to January 7th 2019).

OULU INTERNATIONAL WINTER AND SUMMER STUDY PROGRAMME

The Oulu International Winter and Summer Study Programme is organized and accredited by the University of Oulu and takes place in four countries (Finland, Sweden, Estonia and Latvia) and six cities (Helsinki, Oulu, Rovaniemi, Stockholm, Tallinn and Riga). Students travel to Finland during each summer and winter holiday to do a business course (Nordic creativity, innovation and entrepreneurship) at the University of Oulu.

The course consists of classroom lectures, workshops, corporate visits, competitions, pitching, presentations and further travel to other Nordic countries. On request, this programme can be modified into an internship-centric travel programme. Students not only have the chance to receive a Nordic high-quality education but also experience the unique beauty of Scandinavian nature and culture.

Location: Oulu / Helsinki
Duration: 1-3 weeks
Price: On request
Price includes: An authentic and unique programme for effective learning and understanding, accommodation, transport, meals and culture visits.

Availability: All year round
Group size: 6-25 persons
Contact: Lilak Oy yujin.lin@lilak.com, +358409125846

CONTINUATION TRAINING FOR GOVERNMENT OFFICIALS

We offer customized, theme-based continuation training for governmental officials. For example, “ecological civilization and sustainable development”, “health care and elderly care”, “smart city”, etc.

Location: Classroom studies take place in University of Oulu, while empirical classes and tourism activities take place in other Nordic cities, i.e. Oulu, Helsinki, Rovaniemi, Stockholm, Tallinn and Riga.

Duration: 21 days
Price: 2880 EUR / person (for resellers, price will be reduced)
Price includes: Tuition, accommodation, transport between and within Nordic countries, entry tickets to museums and tourism attractions within the official programme, a welcome dinner, airport pickup, guide, corporate visits, internship (if there has been one), visa invitation and official documentation.

Availability: Every winter (January – February) and summer (July – August) holidays
Group size: 15-35 persons

FINNISH EDUCATION STUDY TOUR (FEST) Visit
Finnish Education Study Tours are designed for all who are interested in the Finnish education system (teachers, school principals, decision makers, management, administrators, etc.). Would you like to learn the secrets behind Finnish education? Choose a season and join us for a Finnish Education Study Tour (FEST)! The Finnish school system has demonstrated outstanding educational achievement. Its learners rate among the highest achievers in PISA, a survey of learner attainment in Mathematics, Science and Literacy at the age of 15 across the member countries of the OECD. The most impressive aspect of the Finnish success is that there is very little difference in attainment across social and economic divides. Finnish Education Study Tours are organized in Oulu, which is the biggest city in Northern Finland. These readymade FESTs give you an inclusive picture of the Finnish educational system and have an innovative focus on learning spaces, school architecture and technology. During FEST you will have an opportunity to meet Finnish experts in education, have discussions with headmasters, teachers and students, visit schools and classrooms, see innovative learning spaces and technology solutions and, at the same time, have a taste of Finnish culture. You will also visit Rovaniemi and the arctic circle where you will have a chance to meet Santa Claus and see the beautiful arctic natural environment. The study tour will end with a farewell dinner at a reindeer farm. Guides from Finpeda will accompany you for the whole week!

Location: Oulu, Northern Finland
Duration: 5 days
Price: 1490 EUR / per person  + VAT 24 %
Price includes: The price includes a five-day programme with school visits, presentations, lunches, materials, transportation to local schools and a day trip to Rovaniemi.
Seasons/Tour dates yearly: • Winter FEST January 22–26, 2018 • Spring FEST March 19–23, 2018 • Summer FEST June 4–8, 2018 • Autumn FEST September 17–21, 2018. Summer FEST is organized during the summer holiday. This means that we are able to visit schools and discuss with staff but there are no students or lessons during this time.

Tailor-made study tours: Finpeda also organizes tailor-made Finnish Education Study Tours and technical visits for those who are looking for more a specific programme. You can visit schools, educational institutions and companies in Helsinki, Oulu and Rovaniemi, in three different Finnish regions.
Each tour has a general part plus a specific focus on some of the following areas: • Strategic leadership and innovations • Living labs and pilot projects • Teacher training • Kindergarten and comprehensive schools • Vocational and higher education • Finnish school design • Technology development and education technology solutions.
Availability: All year round
Group size: 5-30 persons

FINPEDA TECHNICAL VISITS
Lectures, presentations and expert sessions about the Finnish Education system, new pedagogical methods, development of learning environments and education technologies. Technical visits and lectures may vary according customer needs from a one-hour to workshop longer term training or training programmes.

Location: Oulu, Northern Finland
Duration: 1-2 hours, depending on the needs of the customers.
Price: Group size 1 -5 persons: 300 EUR / hour, group size 6 -12: 400 EUR / hour, group size 13-30: 500 EUR / hour: VAT 24 % is added to prices.
Price includes: General topics: How to Create the School of the Future. The school of the future is not just a building, it’s a cycle of change that includes leadership, pedagogy, architecture, technology, change of operational culture and assessment. This presentation describes the steps and factors of the development process needed to move a school’s operational culture towards the school of the future.

A Technology-Enhanced Learning Environment (e.g. Finpeda Virtual Space) Digitalization demands use of education technology in learning and teaching. This presentation provides information regarding a technology-enhanced learning environment through inspiring examples.

School Architecture and Design Presentation offers basic information about the latest trends in Finnish school architecture and design including examples from the latest Finnish school building projects.

FINNISH SCOUTING LIFE
This summer camp focuses on "learning in the natural environment", which is one of the main methodologies of Finnish education. Through well-designed activities, interaction with professional Finnish instructors and Finnish peers, the participants gain knowledge about Finnish nature and culture, learn about other subjects in an outdoor environment as well as practice scouting survival skills. The outcomes of the camp are to learn to respect nature and the environment, gain hands-on experience with Finnish education methods, improve many abilities such as coordination and cooperation, innovation and creativity, independence and endurance, helping others and teamwork.

Location: Helsinki/Tampere
Duration: 6 days
Price: 1200 EUR / person

IENSC WINTER CAMP

The IENSC (International Education and Nature School Camp) was created in 2012 by Heidi Heikkinen and Kimmo Hotanen. After a presentation, the City of Turku started to work closely with this project together with HG-Production and has done ever since.

The IENSC summer camp includes three parts: Education, Nature and the City. We would like all the students to enjoy Finnish high-quality education, the beautiful and peaceful natural environment and historical Nordic cities. By combining education with the amazing arctic area (Rovaniemi and Levi), we have designed unique programmes for students between the ages of 8 and 16. The programmes include activities such as carpentry, science experiments, an IT workshop, cross-country skiing, forest adventures, ice fishing, and more. The students have an opportunity to visit Finnish universities and institutes and experience the Finnish education.

Price includes: Packages include all services required - transfers - guides - programme - visits - meals - accommodation. The programme can be combined with a programme in other Nordic countries or in the Baltic states.

Availability: All year round

Group size: Max. 10 persons

JUKU SUMMER CAMP IN KALAJOKI

Kalajoki sand dunes “Hiekkasärkät” tourist center is one of the most popular summer places for children. Kalajoki is compact, safe, unique, versatile tourist site. Juku summer camp is traditional sport camp, since 1993, for children for 8-14-year-olds.

The camp has been arranged since 1993, and around 400 kids participate each year. The camp offers joy of sport and movement, and new experiences for the kids. You can get to know a wide selection of different sports, guided by well-trained, professional instructors and sport tutors. For example, the following sports are included: swimming, paddling, climbing, acrobatics, biking, acrobatics, beach football, beach volleyball, up-stand-paddling (SUP) etc. At the camp, you can also develop new friendships and enjoy beautiful surroundings with sea and fresh air. Finnish children are accommodated in tents at the camping site.

For kids coming from abroad, accommodation in cabins is also available. Four English speaking instructors will make the kids feel safe and comfortable. There will be an opening ceremony, visit by Finnish athletes, magician, camp mascots Hippo and Juku-seal, movie nights, disco, camp t-shirt and wristband, visit to a spa and waterpark. A first aid team of Red Cross is available during the camp at all times.

Program (changes may apply)

Day 1: Arrival to Juku camp (camping site) and accommodating into cottages/tents. Lunch. Opening ceremony. Action points/sports. Dinner. Movie night. Evening task + snack. Silence (good sleep night)

Day 2: Wake-up-call, morning tasks, day opening. Breakfast. Action points/sports. Lunch. Action points/sports. Bath time. Visit to a local primary school lunch, interpreter or transfers. Visit to a spa and waterpark. A first aid team of Red Cross is available during the camp at all times.

Day 3: Wake-up-call, morning tasks, day opening. Breakfast. Action points/sports. Lunch. Action points/sports. Bath time. Visit to a local primary school lunch, interpreter or transfers. Visit to a spa and waterpark. A first aid team of Red Cross is available during the camp at all times.

Location: Kalajoki

Duration: July 30th to August 2nd 2018 (4 days, 3 nights), the dates for 2019 will be confirmed later.

Price: €984 / per child (net including VAT)

Price includes: The rate is net, incl. VAT and per person. The price includes camp participation, English speaking guides, all meals, the whole program as described, and a diploma. Accommodation in tents (min. 3 children in a tent including bedlinen and towels, toilets and showers in a separate maintenance building) or in the apartment with toilet, shower, sauna, kitchen, bedroom, loft, terrace (3-5 children in an apartment including bedlinen and towels). Apartments are situated about 600 meters from the camp area. The rate doesn’t include the transfers to/from Kalajoki, additional nights in Kalajoki before and after the camp.

Group size: Up to 30-40 persons

Contact: Kalajoki Booking Centre laura.kujala@kalajokikeskusvaraamo.fi
SCHOOL CAMP WITH A SCHOOL VISIT IN KALAJOKI, ACCOMMODATION AT SANTA’S RESORT & SPA HOTEL

During this school camp, you will accommodate in Santa’s Resort & Spa Hotel Sani. Hotel is located next to Kalajoki Sand Dunes, which is one of the most popular tourist destinations in Finland. Long sandy beaches and a wide range of leisure activities make sure the students have a good time. When you are looking for a compact, safe, unique, versatile place for the kids – Kalajoki has it all.

The ideal age of taking part of this camp is 12-18 years. Get to know Finnish culture, daily school life and have fun with your friends!

In addition to accommodation and school program, you can add optional local activities and educational workshops, and your program is ready.

Rooms in the accommodation are spacious, bright and air-conditioned. There are 48 Superior rooms with a sea view and a balcony and 24 Standard rooms with a French balcony and view to the spa. All rooms have twin beds, and an extra bed option. Free Wi-Fi, shower and toilet, a mini bar, phone, TV, hairdryer, safety box, ironing set and bathtowels for adults.

New apartments (built in 2016) are located next to Santa’s Sani. These beautiful holiday homes add a twist of luxury to your stay. The size of the apartments ranges from 26 to 62 square meters.

• A spa with a spacious balcony with a spectacular view towards the sea. You can use an indoor access from the apartments to the hotel, restaurant and spa facilities. The spa has a tropical pool, jacuizis, massaging water beams, children’s pool, water slide, cold pool, Finnish saunas and Turkish steam bath in addition to a swimming pool with six lanes, diving board and water running belts.

• Gym, group exercise and treatments to pamper yourself are also available at the spa.

Location: Kalajoki
Duration: 5 nights / 6 days
Price: 10-16 persons group: 860 € / person / 5 nights (price is net, VAT and per person) 16-50 persons group: 770 € / person / 5 nights (price is net, VAT and per person) 50-100 persons group: 730 € / person / 5 nights (price is net, VAT and per person).

Price includes: The price includes transfer to and from Kokkola airport, accommodation for 5 nights, all meals (buffet breakfast, lunch, soup dinner and evening snack), free use of spa pools and saunas, and educational visit to a local school (3 hours) with transfers.

Optional activities (not included):
• Traditional Finnish smoke sauna with bath and specialized sauna guide. The sauna has been built of logs and heated slowly for several hours. You can enjoy the mild heat of the sauna and have an enjoyable, relaxed and peaceful new experience. After sauna, you can dip into warm bath outside. Cold air and snow add to the enjoyment, and relaxed atmosphere can add a twist of luxury to your stay. The spa has a tropical pool, jacuzzis, archery, hatchet throwing, snowshoeing during winter, cooking with open fire. It is also possible to spot animals, like elks, wolves, reindeer or birds from a watching tower. Towels, soap and homemade berry juice are included. Duration: 3-4 hours. Price: on request.
• Kalajoki Visitor Centre: A guided Baltic Sea themed tour for study visits. You can learn about the Baltic Sea geography and surrounding countries with hands-on activities at the exhibition. The last Ice Age formed our landscape, and you will see the traces of that in the Finnish nature. The tour includes a film about the Baltic Sea, and getting to know the special characteristics of Baltic sea and species living in it. Duration: 1 hour. Price: on request.
• Adventure Park Pakka Finland:
  - Adventure Park Pakka Finland: You can experience a range of adventures courses. The park has ziplines and routes built between trees and also other exciting outdoor adventures for thrill-seekers of all age groups and skill levels. The park offers bungee trampolines, the X-Tower, a 18-hole Frisbee golf, Pakkagolf and archery contests. Duration: 2-3 hours. Price: on request.
  - Snow or summer yoga experience: Experience the soft touch of nature and the embrace of cold sand, snow and ice dome the local environment for centuries and the lifestyle is based on these elements. At hard times, people find strength and peace from the nature, and therefore this experience combines easy yoga movements with winter and outdoors. In the silence and next to the infinity of the sea, you’ll become one with the nature. Duration: 1 hour. Price: on request.

FINNISH BASEBALL COURSE IN KUORTANE

The school camp in Kuortane is based on the fun of learning the basics of Finnish baseball or cricket. Pesapallo, Finnish baseball, is a fair-play sport and is suitable for both boys and girls.

This Finnish national sport has been gaining in popularity in India. As well as learning to play Finnish traditional games, there is also a Finnish-Indian disco. A local host or hostess will take care of the school camp and group for the whole camp. Our main focus is sustainable tourism and authentic experiences among local people and corporate social responsibility.

Green North was established in 2012 to provide services for the foreign travel trade as a General Sales Agent.

Location: Kuortane
Duration: 5 days / 4 nights

Price includes:
• Transfer: Helsinki - Kuortane, Kuortane - Helsinki Accommodation: four nights in a Finnish loft or row house for 3-4 persons in a room. Meals: buffet breakfast, lunch, dinner and evening snack daily. Vegetarian dishes also available. Programme: 15 x 45 minutes of sport or game activities (indoor and outdoor).

STUDY TOUR

The aim of the study tours is to observe and experience the everyday practice in Finnish education. During the kindergarten or school visits there is time to talk with Finnish principals and teachers and ask them about their teaching practices, methods or the challenges they face during their daily work. Every school visit is hosted by an education expert who will give you a real insight into the key aspects of education in Finland. The visits can be combined with expert lectures and work sessions on themes such as innovative curriculum development, school leadership and special education (or others, as agreed with the client). All education levels (PreK-12 and higher education) can be included in a study tour programme.

Location: Helsinki metropolitan area
Duration: From 1 day to 2 weeks
Price: Depends on the programme
Price includes: • Tailored educational programme including expert lectures and/or workshops • Education professionals hosting the group each day • Lunches and refreshments • Transportation • Certificates of participation
Availability: From August to May
Group size: No limitations

SIERAVUORI SUMMER CAMPS

Learn with Fun & Joy in Finland Educational camp is an extraordinary opportunity to get to know our beautiful nature, original culture and lifestyle here in Finland - or should I say Finland? During your stay you will experience refreshing outdoor moments on forest tracks, playfields and by the water.

Sieravouri Holiday Resort is located in Western Finland, in the city of Eura, by the beautiful lake of Pyhäjärvi. It’s only 1.5 hours from the city of Turku and 3.5 hours from the capital of Finland, Helsinki. Sieravouri’s spacious green forests offer delicious berries and mushrooms. The hospitable staff will guarantee you a good night’s sleep and will cook delicious meals during your trip. You will have an amazing chance to meet the lovable Moomins in the Moomin World in Naantali, where you can also do some souvenir shopping. You will get to know the fascinating pre-history in Naurava Lohikäärme, a prehistorical guiding centre.

Besides experiencing unforgettable moments and making life-lasting friends, you will gain many wilderness skills, like fishing, berry picking, making a fire and whittling. Welcome to Sieravouri! -

**Highlights:**
Trips to Moomin World and Naurava Lohikäärme, learning the ABC of fishing, berry picking, fire making and whittling, exploring the wonders of the Finnish nature, the lake and the forest, fun group activities, sauna, swimming, making birch whisk, shopping.

**Itinerary**

1st day: Welcome to Finland! Your trip starts from Helsinki-Vantaa airport, where you will travel to Sieravouri by bus. Travelling time is about 3.5 hours. In the bus you can get to know the people in your group, the driver, the two group leaders and your Finnish tour leader who will guide you during the whole trip! Holiday Resort Sieravouri is located in Eura, by the gorgeous lake Pyhäjärvi in Western Finland. Camping school accommodation will take place at Sieravouri’s cozy row house apartments. There is also an evening snack upon your arrival. Feel the forest’s magic! Fall in love with Finnish berries!

2nd day:
- Scandinavian breakfast buffet from 9 to 10 AM.
- Discovering the wonders of the Finnish forest and picking berries from 10 to 11 AM.
- Birch whisk making from 11 to 12 AM.
- Learn how to make whiskes from a birch tree. The Finns use the birch whisk for sauna by whisking it against their skin. Why? Because it’s fun, and besides it improves the blood circulation and boosts the metabolism. Birch leaves also tend and cleanse the skin.
- Lunch in Finnish style from 12 to 1 PM.
- Tennis game group 1 / Basketball game group 2 from 1 to 2 PM.
- Tennis game group 2 / Basketball game group 1 from 2 to 3 PM.
- Sausage stick whittling from 3 to 4 PM. In Finland we are taught to make things ourselves since our childhood. Learn how to whistle sausage sticks safely with your activity guide.
- Dinner from 3 to 4 PM.
- The basics in Finnish fishing from 4 to 4.30 PM.
- Fishing in the lake Pyhäjärvi from 4.30 to 5.30 PM. Fishing with hook and line at the sensational lake Pyhäjärvi with a real expert. Fishing will happen safely down by a wharf. The catch will be enjoyed later at a barbeque party!
- Relaxing sauna and swimming from 5.30 to 7 PM. Experience the amazing Finnish sauna at Sieravouri. Sauna is usually heated to between 60 and 80 degrees Celsius. You can first sit on the lower bench and slowly get up your nerve to try sitting on the upper bench! Bravest ones can have a refreshing dip in the lake.
- Campfire and BBQ party from 7 to 9 PM. Learn to prepare a campfire safely with your guide. When you have successfully started the fire, there is going to be a happy Finnish barbeque party!

3rd day:
- Scandinavian breakfast buffet from 9 to 10 AM.
- Bus trip to Moomin World from 10 to 11.30 AM.
- Travelling to Naantali city’s Moomin World with the tour bus. Moomin World is the Finnish children’s favourite theme park located in Naantali. The Moomins are fictional characters created by Tove Jansson and a big part of many Finns’ childhood. Bus trip takes about 1 1/2 hours.
- Finnish yard games (mölkky, kirkonrotta, darts) from 1 to 3 PM Play funny Finnish yard games like a true northern kid!
- Evening snack from 8 to 9 PM.
- Finnish yard games group 1 / Basketball game group 1 from 11 to 12 AM.
- Lunch in Finnish style from 12 AM to 1 PM.
- Finnish yard games (mölky, kirkonrotta, darts) from 1 to 3 PM Play funny Finnish yard games like a true northern kid!
- A fun trick course from 3 to 5 PM Trick courses are well loved by the Finnish children, it offers a lot of fun and a playful challenge!
- Dinner from 5 to 6 PM.
- Campfire and voluntary sauna from 6 to 9 PM. Last campfire at Sieravouri and Finnish barbeque party by the campfire!

4th day:
- Scandinavian breakfast buffet from 9 to 10 AM.
- Trip to Naurava Lohikäärme – prehistoric guiding centre.
- Lunch in Finnish style from 12 AM to 1 PM.
- Campfire and voluntary sauna from 6 to 9 PM. Last campfire at Sieravouri and Finnish barbeque party by the campfire!
- Finnish yard games group 2 / Disc golf group 1 from 11 to 12 AM.
- Lunch in Finnish style from 12 AM to 1 PM.
- Finnish yard games (mölky, kirkonrotta, darts) from 1 to 3 PM Play funny Finnish yard games like a true northern kid!
- A fun trick course from 3 to 5 PM Trick courses are well loved by the Finnish children, it offers a lot of fun and a playful challenge!
- Dinner from 5 to 6 PM.
- Campfire and voluntary sauna from 6 to 9 PM. Last campfire at Sieravouri and Finnish barbeque party by the campfire!

5th day:
- Scandinavian breakfast buffet from 9 to 10 AM.
- Trip to Naurava Lohikäärme – prehistoric museum from 10 to 12 AM.
- Get to know the prehistory of Europa from a time of the Vikings with a guide.
- Lunch in Finnish style at Sieravouri from 12 AM to 1 PM.
- Packing time and departure preparations from 1 to 2 PM.
- In Pori you will learn about the Finnish education system in a lyceum with Finnish schoolmates and family life through the home accommodation.
- Bus trip from Sieravouri to Pori from 2 to 3 PM.
- You get to experience the Finnish domestic life by staying with a local family in Pori. You will also learn about our world famous educational system at the Pori lyceum.

Please note: Customers should acknowledge the weather conditions in Finland during the season and take with them proper clothing and shoes that are suitable for outdoors and sport activities. Please note that the activities of this service are not suitable for disabled or physically challenged individuals. Please remember to take also your swimsuits for sauna and swimming. Sauna and swimming are totally voluntary, but it’s highly recommended for their importance regarding our culture and lifestyle. All activities are performed with professionals and according to the safety protocols. Life jackets and towels are provided by Sieravouri. Accommodation will take place in Sieravouri’s row-house cottages, where there are two persons staying in each cottage. We have also taken the differences between genders into consideration by placing girls and boys in separate cottages and saunas.

**Location:** Holiday Resort Sieravouri, Eura & Honkilahti, Finland

**Availability:** June, July, August and September

**Duration:** 5 days / 4 nights, Sunday-Thursday

**Languages:** Finnish, Chinese, English

**Destinations:** Moomin World, Naurava Lohikäärme – prehistorical guiding centre.

MIDNIGHT SUN SUMMER SCHOOL 2018 – A PROGRAMME FOR TEACHING PROFESSIONALS
Oulu University Teacher Training School frequently provides high-level in-service training for educators. Now you have a great opportunity to join our international Midnight Sun Summer School 2018!

The course is aimed at professional educators, teachers, principals and teacher trainers. In the one-week course, expert Finnish teacher trainers will guide the participants in modern pedagogy. There will be several distinguished keynote lectures, given by internationally recognized experts. These will be accompanied by practical workshops, collaborative work, visits and the latest technology. Furthermore, participants will have a chance to learn about and gain experience of pedagogical guidelines, practices, methods, tools and learning spaces.

The heart of the course builds on the new Finnish Core Curriculum and an emphasis will be placed on transferrable skills. They include thinking and learning-to-learn, interaction and expression skills, multiliteracy, managing daily life and taking care of oneself, ICT competence, working life competence and entrepreneurship, as well as participation, involvement and building a sustainable future. All these abilities are important for pupils in the 21st century.

Location: City of Oulu and Oulanka National Park, Finland
Duration: June 4th-8th, 2018
Price: Early bird fee (until March 31st, 2018) 1490€ (VAT 0 %) / person Regular fee (April 1st- April 30th, 2018) 1590€ (VAT 0 %) / person.
Price includes: The course fee includes lectures, workshops, lunches, refreshments during breaks, transportation from the hotels in Oulu city centre to the venue and back, and a Midnight Sun Welcome Dinner on Monday. It also includes a one-day/night trip to Oulanka National Park with a full programme, and the transportation, catering and accommodation. Accommodation in Oulu is not included in the course fee. Please see our website for more information on hotels in Oulu. Participants book their own accommodation in our contract hotel. Our programme is for participants only. Family members and friends should make their own travel arrangements and bookings.
Availability: June 4th-8th, 2018
Group size: 20-40 persons

OUTDOOR EDUCATION CAMP
IN HOSA NATIONAL PARK

The four-day Experiential Learning Camp in Hossa is designed for school and student groups from all over the world. Based on an adventure education model, the summer camp is for improving both physical and psychological well-being. The positive experiences gained through shared experiences and reflection in a natural environment support well-being, growth and learning.

The camp encourages physical effort, discovery of boundaries, success and expression of emotions, and it helps campers communicate and solve problems. The characteristics of different personalities come out as a result of experiences in natural surroundings. The programme includes different kinds of tasks, group activities, activities with water and ropes, leadership and cooking duties, and basic first aid activities outdoors. The first aid activities emphasize decision-making ability, community, helping each other and ability to cooperate in special situations.

The adventure culminates in a drama performance at the end of the camp. Everyone brings their own important experience to expression in their own way and participants feel the joy of success and positive experiences.

There is a celebration meal before leaving for home. The campers receive a diploma and a small local gift for participating. Campers experience a variety of new things and are encouraged to take a positive step forward!

The instructor has over 15 years’ experience of guiding experiential learning and outdoor education groups in Finland and Scandinavian countries. The instructor is trained in Outward Bound Finland courses and certified in Wilderness Advanced First Aid for working in remote areas.

Location: Hossa National Park, Northern Finland
Duration: 4 days / 3 nights
Price: 252 € + vat 24% / person. Minimum invoicing 1500€ + vat

NAVIGATING TO KIIPULA

A package for travelling school or student groups, tourist groups, elderly groups and school camps. Kiipula is a special education and rehabilitation centre and service provider in southern Finland. Kiipula is a great place for successful school trips, tourist trips and school camps.

Kiipula is located in the heart of the Finnish countryside and has lots of elements that make it a worthwhile place to visit. In Kiipula you can see our gardens and greenhouses, which produce flowers and vegetables almost all year around. We also have a lot of different topics and activities (frisbee golf, tennis, swimming, nature walks) and plenty of room to arrange events, meetings or get-togethers.

The atmosphere in Kiipula is warm-hearted and welcoming. There are three key reasons to visit Kiipula:
• Great hospitality
• Unique experiences
• Diversity of people and facilities
• Beautiful and peaceful surroundings.

Location: Kiipula, Janakkala
Duration: 1-7 days
Price: Tailored
Price includes:
• Fixed part • Accommodation
• Meals from school canteen

SCIENCE EDUCATION FOR SUSTAINABILITY: APPROACHES FOR PHENOMENON-BASED TEACHING WITH FINNISH CHARACTERISTICS

Is your science education currently meaningful? Do you have environmental or welfare issues that future students need to solve? Are you worried about climate change, loss of biodiversity and protection of the environment? Science can help out! This course offers you the course curriculum- and research-based tools on how to tackle tough global challenges with the help of science education.

Hardly any topic is as important as the science education about the quality and sufficiency of the earth’s natural resources. We need to solve these challenges. You will learn how Finnish science education addresses the challenges of increasing sustainable welfare and flourishing for all living creatures.

The training course answers three main questions:
1. How can you include phenomenon-based activities related to sustainable development in your Chemistry teaching throughout the school year?
2. What novel topics are very important to teach but not yet taught? How do Finnish teachers assess students’ performance?

The atmosphere in Kiipula is warm-hearted and welcoming. There are three key reasons to visit Kiipula:
• Great hospitality
• Unique experiences
• Diversity of people and facilities
• Beautiful and peaceful surroundings.

Location: Kiipula, Janakkala
Duration: 1-7 days

CAMP SCHOOL IN METSÄKARTANO
The main aim of Metsäkartano is to bring unspoiled wilderness closer in a safe way by using nature activity programmes. We believe this is the way young people will be more interested in nature and the environment. Nature offers empowering moments for children of all ages! Learning by doing is our principle. We provide an active holiday or a youth guidance camp with expertise. We invite your group to enjoy wonderful, unforgettable experiences in our wilderness.

Our professional youth professionals will tailor a programme to your group. The length may vary from one day to many weeks. You can have an adventure of your own. Grab your backpack, a map and you are ready to go! A comfortable room and food is waiting for you at the end of the day. All youth group programmes are tailor-made according to the customer's needs.

Location: Rautavaara
Duration: 1-14 days
Price: 43 - 56 € / night / person
Price includes: Accommodation, full board (four meals per day), sauna every other night (linen not included), guided programme with leaders, two hours in the morning and three hours in the afternoon. The children are divided into groups (approx. 15 per group) for activities.
Availability: All year round

OPEN SCHOOL VISITS
The idea of these school visits is that they are, as the name implies, open for everyone. You may be an educational professional or a student, a business person or a tourist. The only requirement is that you are interested in Finnish education and eager to see how learning takes place in a normal classroom setting. During the visit you will have time to talk with Finnish teachers and ask about their teaching practices, methods and the challenges they face in their daily work. The visit also includes a Finnish school lunch - famous for being offered to every student for free.

Location: Helsinki metropolitan area
Duration: 4 hours
Price: 290 € / person
Price includes: • Transportation • School visit • School lunch • Guidance during the visit by a representative of VisitEDUFinn • Pasi Sahlberg’s bestseller Finnish Lessons: What can the world learn from educational change in Finland or alternatively The Success Story of Finnish Early Childhood Education.

Availability: Once a month on specified dates, tailored visits also available.
Group size: 2-20 persons
Contact: VisitEDUFinn Ltd. +358409684987
More information: www.visitedufinn.com

ONE-DAY INTRODUCTION TO FINNISH VOCATIONAL EDUCATION AND TRAINING
A one-day introduction to the Finnish education system. The day includes: 1) Introduction to the Finnish education system, 2) Introduction to vocational education and training, 3) One tailored lecture - to be agreed with the visiting group, and 4) Visiting learning environments during a walking tour of the Önni Espoo Centre campus. Lunch is included.
FARM AND FOREST EXPERIENCE
Ylähäisten tila is a modern family farm based in Paimio, southwest Finland. The farm was founded in 1905 and the fourth generation of the same family currently runs the farm. The farm specializes in forestry, cultivating crops such as wheat, broad beans and sugar beet, as well as turkey farming and keeping horses. Behind the farm is the beautiful Vartsalo forest. It invites nature-lovers to explore it, climb the hill and admire the scenery.

As an active farm, we offer a genuine learning environment to school groups who want to experience farming and forestry with their own eyes and hands. Our local, professional staff will guide your group through activities that inspire and teach about farming and food production today and encourage everyone to get to know nature better. We open our farm for school visits all year round. We always design the agenda for groups according to their own interests.

Distances: Paimio (centre) 6 min (6 km), Turku 25 min (28 km), Turku Airport 20 min (28 km), Helsinki 1 h 30 min (145 km), Helsinki-Vantaa Airport 1 h 30 min (145 km). For more information on transportation services, please ask.

Location: Paimio, Southwest Finland.
Duration: Many possibilities (e.g. 1-4 days)
Price: From 80 € / person / day
Price includes: Accommodation in the 100-year-old main building in comfortable and homely furnished rooms of 2-4 people, shared showers, toilets and sauna. Home-made meals served in the kitchen of the main building (breakfast, lunch, afternoon snack, evening snack). One organized activity per day.

Examples of nature and forest activities:
- A nature walk to beautiful Vartsalo Forest and Tipu Hill, learning about the region’s history
- Bird watching (e.g. the Finnish swan; the region is known for its populations of many national and rare bird species), identifying tree species (e.g. pine and birch)
- Learning to make a campfire, sausage grilling
- Berry- and mushroom-picking and cooking of the ingredients collected.
- Snow sledding in winter.
- Fishing in Paimio river.
- Learning about Finland’s everyday life and about the Finnish respect for nature.

Examples of farm activities:
- Getting to know the farm’s crops, such as wheat, sugar beet, caraway, and sustainable farming.
- Becoming familiar with different agricultural work machines (tractor, harvester) and what they are used for.
- Learning about the food chain from the farm to the table using the turkey farm as an example.
- Playing the Route of the Food game.
- Feeding and brushing the farm’s horses and Luna the dog.
- Creative handwork in the attic of the barn.
- Heating up the sauna, swimming in the pond.
- Playing traditional Finnish games in the garden.
- Learning about daily farm life with locals.

Availability: All year round
Group size: 15-20 persons
Contact: Ylähäisten tila elina@ylhaistentila.fi, tel: +358 50 3436 411
More information: www.ylhaistentila.fi

“NATURE-RELATED LEARNING” PROGRAMMES
“Nature-related learning” programmes consist of educational lessons combined with nature trips, where students can practise and learn more about the chosen subject. There are different programmes lasting from three hours up to a whole day.

Examples of learning topics: the ice age and how it has shaped the Finnish landscape; the water cycle, seasons in Finnish nature, wild food, surviving in nature, etc. Nature-related learning programmes are suitable for children aged 8–15 years. Our company cooperates with many local accommodation partners in the Lahti region. Our programmes can also be organized in other regions of Lake Finland.

Location: Lahti region
Duration: 3-8 hours
Price: From 395 € / group (3 hours program, max 20 students).
Price includes: Theory lessons and practical activities in nature with a trained nature and wilderness guide. Teaching in English.
Availability: All year round

FINLAND SEASONS 4U
THEME: NATURE AND ME
The camp school is designed for young people between the ages of 10 and 17. The camp has one group guide for every six students.

The goal of the camp school is to raise awareness in young people and to broaden their understanding of the diverse interactions between nature and people in the three different seasons of Finland in Kainuu: winter, spring and autumn. Two 45-minute “Nature and Me” lessons are held in the mornings. There is a 15-minute break between the lessons. Lessons typically include daytime themes, which will support a period of “learning by doing” in the afternoon. In “learning by doing” lessons students carry out small wooden craft projects to contribute to natural diversity and vitality. The projects can be, for example, insect hotels or birdhouses, which will benefit the wildlife.

In addition, we will plant a tree dedicated to each student. The tree will be moved to natural soil in the summer and you can watch it via a webcam. After the afternoon lessons, it is time to write a learning diary, rest or spend time with your friends, or Skype your family to let them know what you learned that day. Kaija Malinen (MEd, special needs teacher) and Veijo Malinen (Senior Engineer and specialist vocational teacher) are responsible for training planning and implementation. Kaija is Managing Director of 4U (For You) Education and Training Services Maliset Oy.

STUDY VISIT TO YOUTH CENTRE VILLA ELBA: METHODS AND TOOLS IN OUTDOOR EDUCATION – EXPERIENTIAL LEARNING AS A LEARNING STRATEGY IN THE 21ST CENTURY
A study visit for education professionals and education system decision-makers. During the study visit you will get an insight into how outdoor education is implemented in Finnish preschool and school education.

Villa Elba offers high-quality outdoor education programmes that support preschool teachers and teachers in implementing the national curriculum. We use experiential learning methods, focusing on environmental education and adventure education as well as approaching different school subjects (i.e. maths, foreign languages, science, health education, sports) in a holistic way.

Experiential learning plays an important role in youth centres’ daily activities. It is a way of learning in which the ideas connected with a concrete activity, and how they relate to what has been learned previously, can lead into an understanding of the significance of a phenomenon. For us, group dynamics, the students’ self-esteem, personal growth and social skills are all of utmost importance.

Based on both scientific research and the national curriculum, we focus on supporting children and young people in forming an emotional bond with nature. This is a Scandinavian approach to environmental education: you will feel responsibility and respect for what you care for – and a bond with nature will also have positive effects on health, both physical and mental.

The study visit includes presentations of youth work and youth policy in Finland, a presentation of the Finnish educational system, many different practical workshops on outdoor education/experiential learning, and sessions on getting to know Finnish culture.

Examples of outdoor education workshops are: the forest as a learning environment, ice fishing, exploring biodiversity with children, learning maths in a concrete way, outdoor education with multicultural groups, outdoor education for children with special needs, global education (climate change, environmental protection, resources, clean food, children’s rights).

We plan the programme according to the needs of your group and as appropriate to the season. The study visit might also include visits to local schools, a language inclusion school and/or a kindergarten, a university (teacher training institute) and youth centres, as well as
FINNISH CAMP SCHOOL AND SCHOOL SYSTEM IN FINLAND: AN INTRODUCTION FOR TEACHERS AND OTHER PERSONS WITH A PROFESSIONAL BACKGROUND

Anjala Youth Centre is the biggest camp school organization in southern Finland. Camp school is a popular form of outdoor education in schools in Finland. Anjala Youth Centre is the biggest camp school organization in southern Finland. The centre is situated in a peaceful place in Anjala village. Clean forests, the Kymi river, a historical manor, the surrounding park and garden offer a multifunctional learning environment. Activity programmes in Anjala emphasize nature, history and adventure. Besides the experiences and adventures, the children learn teamwork and test their own limits. Careful planning and execution of the activities support the Finnish curriculum and children’s active learning. Outdoor education and experiential learning are the most common methods used in the camp school.

WINTER SCHOOL 2018: ECO2 – ARCTIC CLIMATE SAFETY AND SECURITY
The Winter School provides you with the most intensive study tour you can get! The study tour takes place north of the arctic circle, covering three countries (Finland, Norway and Sweden) in eight days, under the spectacle of the aurora borealis. Phenomenon-based learning gives you a holistic insight into the real situation in the arctic region. The course places you at the heart of the ongoing fight against climate change. Moreover, it provides you with examples of best practices from Nordic society and economic adaptation which influence competitiveness and success in changing climatic conditions. By combining the economy and ecology innovatively we get much more.

The course aims to provide students with real-world information on arctic climate safety and security through eight days of intensive yet thrilling experiences in three countries. Forests and the fragile arctic wilderness are the focus. Numerous expert lectures, industrial visits and interactions with authorities take you to real-life solutions. Hands-on experiences, teamwork, feasibility tasks and real-life problem solving are the key methods of learning. Moreover, the study tour will teach you survival skills in a harsh climate, sustainability skills and challenge you to pass your “Licence to Live on Planet Earth” exam.

Location: Starting from city of Rovaniemi, touring Finland, Sweden and Norway arctic areas.
Duration: Next course: 26.3.2018 - 2.4.2018
(timing can change annually)
Price: 1950 eur (for tailor-made courses can be separately negotiated)
Price includes: The tuition fee covers the visit to three countries, local travel, study materials, and activities such as a sauna, reindeer sledge ride, ice swimming, etc., as mentioned in the programme (www.bioacademy.fi).
Accommodation and meals are not included in the fee.
Availability: Annually arranged, can also be separately tailor-made and arranged
Group size: 20-30 persons (tailor-made courses can be separately negotiated)
Contact: BioAcademy Finland

BEGINNER-LEVEL HIKING AND WILD FOOD COLLECTING
Join our guide on this wild food walk in a Finnish forest. The guide will meet you at your hotel reception and take you into the forest on trekking paths to enjoy the silence and beauty of nature. Along the way you will learn about seasonal edible plants and mushrooms as we identify, pick and taste them while trekking.
You will get insights into the Finns relation with nature and the Finnish traditions of using wild food. You will also receive information about the nutritional value of wild food. The best season for edible herbs is in May and June. The season for berries and mushrooms lasts from the end of July to September. The world’s purest air and stunning nature will empower you and you will be able to connect with nature on this safe and guided tour.

Highlights: • Silent nature • The world’s purest air • Edible wild food growing in the Finnish forest • Walk in the forest like a Finn, accompanied by a local • The guide’s stories Remember to dress appropriately for the forest; good trekking shoes are recommended.

Location: Varkaus, Kuopio, Rautalampi, Tervo, Isalmi
Duration: 2-3 hours
Price includes: Guide services, baskets, insurance, tax (24%) We recommend that you wear good boots or trekking shoes.
Availability: May to September. Only on request.

WINTER SURVIVAL BASICS
Enjoy the Finnish winter and learn basic survival skills. A guide will meet you at your hotel reception, take you into a nearby forest and give you some practical training about how to survive in the forest during the winter. You will learn and practice skills to do with making a fire, building an emergency shelter, giving first aid and navigating. At the end of the training session, we will prepare hot drinks and you will be rewarded with a diploma. After the program, we recommend going to a Finnish sauna to warm up. The fresh air will give you an excellent appetite for dinner too. Remember to wear warm clothes and winter shoes.

Location: Varkaus, Kuopio, Rautalampi, Tervo
Duration: 1,5 hours
Price: From 25 eur / person
Price includes: Guided training, diploma, hot drink, insurance, tax (24%).
Availability: October to April. Only upon request.
Group size: 10-30 persons

FISHING COURSE FOR CHILDREN AND TEENS
This fishing course is ideal for kids and teens who want to learn how to cast and fish. During the course, children will be introduced to different kinds of fishing equipment and learn different casting techniques. The children will learn the basics of jigging, tying knots, all they need to know about lures, as well as how to properly handle fish and store the catch, and safety on board. The main focus is on children enjoying themselves and having fun while fishing.

The children are cared for like VIPs. Safety is our highest priority when working with children. Naturally, our aim is to catch some fish as well! The group will be taken to a lake to fish with a jig. It is a great opportunity to enjoy the fresh summer air and the lake landscapes. We can include a snack break in the programme and visit an island. Snacks are added to the price as a supplement.

Location: Tervo or Kuopio, Finland
Duration: 5-6 hours
Price includes: Fishing equipment, lifejackets, juice. Additional charge: fishing permit €10 per person. Additional charge: snack €15 per person (coffee, tea, soft drink, water, sandwich, sweet and savoury pastry).
Availability: June to September
Group size: 4-15 persons

A CAMP SCHOOL USING OUTDOOR EDUCATION AND EXPERIENTIAL LEARNING METHODS
Come to Villa Elba Youth Centre to enjoy a week of enjoyable activities at a beautiful location by the Baltic Sea! We use experiential learning methods, focusing on environmental and adventure education as well as approaching different school subjects (Maths, foreign languages, Science, Health Education, sports) in a holistic way. Experiential learning plays an important role in the daily activities of the youth centre. We have been organizing camps and camp schools for over 30 years.
Possible activities during the camp school: Winter (January-March): ice fishing, walking on ice, kick-sledding, studying animal tracks in the snow. June-September: investigating the marine life of the Baltic Sea, canoeing, mountain biking. All year round: studying different school subjects outdoors in a holistic way: maths, foreign languages, science, sports. Climate change, environmental protection, responsible consumerism, children’s rights, sauna workshop.
We expect the group to be accompanied by one adult for groups of 14 pupils and 2-4 adults for groups of 15-40 pupils.

Location: Youth Center Villa Elba Kokkola Finland
Duration: Monday – Saturday
Price: Group size 15 persons: 387,74 eur / person, group size 16-20, 408,74 eur / person, group size 21-35, 398,74 eur / person, group size 36-40, 388,74 eur / person
Price includes: 2-2+ hours of daily activities organized by our experts in outdoor and environmental education, accommodation and meals (breakfast, lunch, dinner) during your stay, one sauna evening during your stay, transport between the railway station/airport and Villa Elba.

For an additional charge: More scheduled events in the evenings, more sauna evenings, field trips to surrounding areas (max. 100km away from Villa Elba). Locations vary according to the season. (Visits to a local school, amusement park, adventure park, the Finnish Elf (Tonttu) Museum, the Arctic Museum, a beach trip, etc.). We expect the group to be accompanied by one adult for groups of 14 pupils and 2-4 adults for groups of 15-40 pupils.
Availability: Available all year round – availability of different programs is subject to change depending on season and weather conditions.
Group size: 14-40 pupils + adults

FIT FOR LIFE
Learning objectives: Sustainable living & active citizenship through life skills learning and identity work Fit for life program aims at rising students eclectivity, and helps them to develop a strong and stable self-identity. Thus, adolescents will get support in growing active citizens who are able to defend both globally shared values and personal interests in everyday life.
Methods: Mindful hikes in nature include lessons about the environment and the eco system. Life skills learning will help students to appreciate that knowledge in everyday life. Additionally, students will learn the local “wildlife style” be it (ice-)fishing, picking berries, smoking fish and so on. Yogic body and mind work will support participants' healthy self-esteem and ability to act with awareness and take responsibility in every action. Also, participants will learn to pay attention to and negotiate in situations where two different opinions are contradictory. Expression in photography and movement/dance workshop will help adolescents to find their own voice and courage to express it.
Location: We will host you at Lentiira Holiday Village cottages. Located at the shore of lake Lentiira, surrounded with vast pine forests, it is an ideal place for life skills learning. Depending on the season, we’ll be able to do boat trips, ski on the frozen lake or do snowshoe walks in the surrounding boglands. In addition to hikes in the neighborhood, we’ll also visit the Hidenportti National Park or another nature protection area. As we are in Finland, there is no program without the traditional sauna experience.
Fit for Life approach is mostly “hands-on” learning. Therefore we may restrict the use of digital devices to provide the best possible environment for learning. To focus on one’s physical presence rather than through media devices, to simply hear and see better. At times, we will use digital media for learning as well as sharing our discoveries with the world.
Program (5 day example that can be tailored both in content and length):
Day 1: Arrival at Lentiira Welcoming tea and snacks Introduction to the program and the location Dinner Good night yoga.
Day 2: Wake up yoga Breakfast Hike in the nearby forest with stories about trees and waters Lunch Life skills workshop Smoke sauna with a dip in the lake Dinner.
Day 3: Breakfast Hike in the Hidenportti National Park (lunch by the campfire) Dinner Archais Dance & Voice Workshop
Day 4: Breakfast Reflective nature photography workshop Lunch at the village café Life Skill Workshop Dinner Evening walk with meditation by the campfire.

Day 5: Wake up yoga Brunch Silent walk & Gathering by the campfire for sharing Thank you & goodbye!

Good to know: The outdoor program will be specified depending on the season. The length and the content of the program can be modified. The mentioned fee is advisory and will vary according to the group size and the need of transport to/from Kajaani train station or the airport. Warm-hearted and discreet, our family-run local operators will guarantee your well-being.

When requesting your retreat let us know the size of your group, the season of your travel and the duration of your stay (minimum 5 nights).

We will serve healthy gluten-free vegetarian food introducing local specialties and wild herbs when available, combined with influences from international kitchen. We can even serve a feast with local fresh fish or other traditional meals if requested.

Background: Understanding the interconnectedness of the human and natural systems is essential when raising people’s awareness on saving our planet for future generations. Through Fit for Life program students gain knowledge, skills and values to address the environmental and social challenges we face in the modern society. The modern society is also a battlefield of mixed messages and competing interests. Therefore, Fit for Life program puts weight on increasing students’ self-esteem, so that they learn to defend not only planet Earth, but also their personal needs and values.

Ikivalkea provides services and programs that support students’ discovery and reconciliation with nature through yoga, photography and mindful immersions in the wild. In addition to workshops and short programs, we also design wildlife style retreats and holidays featuring:

- Getting familiar with local lifestyle: fishing, hunting, skiing, berry picking and cooking & dining with locals according to the season.
- "Landscape within" photo portrait workshops and nature photography tours.
- Traditional Sauna experience with a dip in the lake, be it open or frozen.
- Deep Relaxation sessions and Drumming rituals.
- Yoga lessons in studio and in the open.

Location: Lentiira Holiday Village, Finland
Duration: 5-10 days
Price: 130 €/person/day (a rough estimation)
Price includes: Cottage accommodation, healthy and delicious food, guided training program.
Availability: From August to May
Group size: 10-25
Contact: ikivalkea Oy sanna@ikivalkea.fi +358 400 617 667

GAME DESIGN IN CONTEXT

We have been asked more than once to offer a course in Game Design, based on our expertise. That is why we developed this unique summer school titled Game Design in Context. This summer school is beyond transmitting relevant aspects of the Finnish Game Education and Finnish experience in the Game Industry (that is already relevant). The summer school is unique, because it promotes since its first session an exchange of knowledge between international and local participants.

The objectives of the Summer School aim to create a local impact in North Karelia, Finland and in the participants’ home countries. It aims to build bridges between nations that might facilitate to create initiatives in collaboration and development. We start by learning from each other and growing together.

Furthermore, this summer school collaborates with Karelia University of Applied Sciences, Joensuu Science Park and University of Eastern Finland as well as with special guests from University of Tampere and University of Turku. In addition, we will work in different locations to show what we mean with context, from Kitee to Koli while being based in Joensuu. This is a complete learning experience!

Location: North Karelia - Based in Joensuu
Duration: 4 weeks
Price: 3100 eur/person
Price includes: Lectures including the following subject areas: Game Design, Game Programming, Game Production, Finnish Culture and Finnish language • Special subject matter lectures to support the design of specific type of games. Special seminar on: Game Culture, Future Technologies, Special Education and Inclusion, Bio economy and Forestry.
- Welcome kit (essential information for living in Joensuu) Access to the game development facilities at Joensuu Science Park • Field study and cultural visit to Kitee (transportation, accommodation and meals) • Field study and cultural visit to Koli (transportation, lunch) • Field study and cultural visit to Lieksa (transportation, snack and museum admission fee) • Diploma of participation.

TECHNICAL VISITS TO KALAJOKI WITH ACCOMMODATION IN SANTA’S RESORT & SPA HOTEL SANI

Kalajoki is a small town but has versatile amenities and a wide range of companies. Kalajoki has one unique specialty: entrepreneurs account for over 20 per cent of the entire workforce in Kalajoki, and the municipality is home to almost 900 companies. The strongest business sectors in Kalajoki are metal and wood processing industries, transport and logistics, construction, primary production and tourism. Interesting new opportunities are available in the development of the nuclear power project, wind farms, shopping centre and the city centre among other areas.

Kalajoki offers interesting opportunities for technical visits. Here you can experience different production chains and go deeper to understand the production process. Taking wood processing as an example, we can bring your customers to the pure forest to see where it all begins, then visit the saw mill in the centre of Kalajoki and finally see what is the outcome, the new shopping centre made of wood. All of the interesting companies and places to see are only a 20-minute drive away from the tourist resort of Kalajoki and from Santa’s Resort & Spa Hotel Sani! We warmly welcome you to Kalajoki!

An example program for 10-50 persons, a two-night and three-day technical visit (Wood industry):

Day 1: 12.00 Arrival in Kalajoki; check-in at Santa’s Resort & Spa Hotel Sani. 14.00 Introduction to Kalajoki – hosted by a Kalajoki-guide, coffee and snacks. After the introduction a possibility to visit Kalajoki Visitor Centre, situated in the same location with the hotel. The Visitor Centre offers an exhibition on the nature of Kalajoki. 16.00 Free time: possibility to visit the saunas, swimming pools and the spa in Santa’s Resort & Spa Hotel Sani. Various massages available as optional services. 19.00 Dinner in Restaurant Saha, situated in the centre of Kalajoki.

Day 2: 8.00 Breakfast served in Santa’s Resort & Spa Hotel Sani. 9.00 Departure for a visit to a forest; a local forest owner tells about the use of the forest, different wood types and the Finnish forest industry. 12.00 Lunch in Tapion Tupa; a local and very traditional restaurant made of wood. After lunch you can see e.g. bears carved out of wood or visit the nearby “Tapionkusu”, a special tree which grows only width, not length. It has been considered as a holy tree, and ancient Finns have worshipped trees like these. 13.00 Departure for a visit to the saw mill, Junnikkalan Saha, situated in the centre of Kalajoki. 16.00 Return to Santa’s Resort & Spa Hotel Sani. A possibility to visit the saunas, swimming pools and the spa in Santa’s Resort & Spa Hotel Sani. Various massages available as optional services. 19.00 Dinner in Restaurant Bistro.

Day 3: 8.00 Breakfast served in Santa’s Resort & Spa Hotel Sani. 9.00 A visit to the new shopping centre in tourism resort, situated just a 5-minute walk from the hotel. The shopping centre Ratti will be opened in May 2018! The main structure is wood. A possibility to do shopping as well. 12.00 Check-out from Santa’s Resort & Spa Hotel Sani.
YOUTH AND LEISURE CENTRE PIKKU-SYOTE

Hotel Piikki-Syöte was built in 1994, whereafter extensions have been made in 1999 and 2007. Renovations were also made in the restaurant and general areas in 2012. Hotel Piikki-Syöte is one of Finland’s nine Youth Centres, which means that our main goal is to support the well-being of children and youth. Our client base ranges from young children to seniors.

The hotel is located on top of the Piikki-Syöte hill, so the views are breathtaking. It is a great skiing center for families in winter time and a great outdoors activity site in summer time. There are meeting rooms for different group sizes. The hotel is open all year round. We are able to accommodate individual guests and groups of different sizes. Because of the Youth Centre status, we are also able to offer affordable prices and accommodate groups of children or teenagers. We are able to plan different programs for youth camps of different lengths. These programs always include accommodation, meals and activities indoors and outdoors. There is a guide provided for some activities, but the groups are able to carry out some of the activities by themselves.

We have a long history and experience with different youth groups and youth camps. We also provide youth camps for international groups. Strengths of the company: Variety of accommodation, staff, all you need under one roof (accommodation, restaurant, activities), non-profit organization due to the status of Youth Centre, client base from young children to elderly guests.

All our programs are example programs and can be adapted to the group's wishes and requests. In addition you can inquire us about the visits or school days at Pudasjärvi Log Campus.

Location: Piikki-Syöte, Syötekeskusentie 126, 93280 Syöte, Finland
Duration: 3 days, 2 nights
Price: 96 € / person
Price includes: Accommodation for 2 nights and full board (breakfast, lunch, dinner and evening snack). Activities per program as agreed.

Group size: 8 to 100 persons
Contact: Youth and leisure centre Piikki-Syöte sari.kasvi@pikkusyote.fi / +358 44 786 1679

THE WONDERS OF FINNISH NATURE - STUDY TOUR
Central Finland is the true area of thousand lakes and green forests. Our location in the heart of Finland and next to the Kuusankoski rapids enables us to offer unique experiences within the nature. Laukaa as a community has taken environmental issues as one of the core concepts in schools, infrastructure, ways of acting and methods of learning.

During this study tour the students will learn the wonders of Finnish nature in the most natural way, by being in the nature and the natural environment. The six day study tour includes studying with Finnish teachers and students, studying within their own group and getting to know the nature by activities. Group will be introduced to a brand new Eco-School and environmental aspects. Study tour will include teaching methods with natural elements and studying in the nature. Every day includes also activities in the nature. One evening students will experience the Finnish smoke sauna and frying sausages in the open fire.

**Location:** Laukaa (Central Finland)
**Duration:** 6 days / 5 nights
**Price:** From 848 €/person
**Price includes:** The Wonders of Finnish Nature - study tour program

**Day 1:** Day of Arrival. Pick up from Jyväskylä. Arrival to Varjola Farm Accommodation in nice Rihi rooms (3-4 persons/room). Hiking trip to the hill of Oittimäki with coffee/tea by an open fire in a hut (in winter it can be walking with snowshoes or with lanterns). Dinner at the Barn restaurant.

**Day 6:** Day of Departure. Breakfast at the Barn restaurant. Packing. Transportation to Jyväskylä airport.

**Supplements:** • Lunch for the day of departure • Additional night and additional meals • Single room or guaranteed twin. Additional experiences: • Guided rapids fishing • Husky safari • Skiing trip • Visit to the city of Jyväskylä, Alvar Aalto museum and shopping.

**Availability:** September to May
**Group size:** 10-30 persons
**Contact:** Varjolan Tila, varjola@varjola.com or +358 20 792 8080

**ECO-SCHOOL AND USE OF NATURE IN THE FINNISH EDUCATION SYSTEM**
Central Finland is the true area of thousand lakes and green forests. Our location in the heart of Finland has inspired us to use the nature in teaching and to increase ecological thinking and awareness through education. Laukaa as a community has taken environmental issues as one of the core concepts in schools, infrastructure, ways of acting and methods of learning. Group will make a visit to the very first and brand new Eco-School built of solid wood where sustainability, community, ecology and self-sufficiency are the ideology and the operating themes. School holds grades from preschool to 6th grade as well as two kindergarten groups operating in the school premises.

The emphasis of the school’s design and practices is on environmental impacts, renewable energy, life cycle costs and versatility. The design and planning include matters such as school transportation, school lunches, building services and use of space. The trips include getting to know the Finnish school system and the administration of the school system, as well as an introduction to the Finnish school lunch system and teaching methods which involve natural thinking and activities in the nature. In one of the evenings there will be a possibility to try a Finnish smoke sauna and fry sausages on an open fire. The tour includes one day tour to the city of Jyväskylä, introduction to Alvar Aalto museum and shopping possibilities.

**Location:** Laukaa, Central Finland
**Duration:** 5 days / 4 nights
**Price:** From 830 €/person
**Price includes:** Introduction to Eco-School and use of nature in Finnish education system.

**Day 1:** Day of Arrival. Pick up from Jyväskylä. Arrival to Varjola Farm Accommodation in nice Rihi rooms (2 persons/room). Hiking trip to the hill of Oittimäki with coffee/tea by an open fire in a hut. (in winter it can be walking with snowshoes or with lanterns). Dinner at the Barn restaurant.

**CREATIVE IDEATOR CAMP – FINLAND**
**CAMP ON MEDIA SKILLS & ENTREPRENEURSHIP**
A creative ideator is a person who innovates and designs creative ideas and makes them happen. (S/He) is a solution seeker, a problem solver and an innovative thinker at heart. The Council for Creative Education (CCE) Finland believes in innovative powers young minds possess, and our goal is to give freedom to explore their innovative ideas and creative abilities.

CCE, in collaboration with the School of Creativity and Design is providing a platform and environment for young adults from age of 18 to 26 years through a five day Creative Ideator Camp. Here they will get energy, support and strength of a team to develop their creative abilities and at the end of the camp, they will come up with amazing solutions! Challenge yourself to get best out of you!

**Highlights of the camp:**
- Intellectual benefits – develop problem-solving and critical thinking skills by playing computer games designed to develop these skills. Problem-solving, critical thinking – benefit kids in many different aspects of life. Social benefits – collaboration and pitching help children practice using social media safely, or playing computer games with friends and family can help them practice turn-taking and cooperation. Creative benefits – develop skills in imagination, art, video-modelling, music and media by using software and apps.

21ST CENTURY VOCATIONAL EDUCATION – STUDY VISIT TO THE HELSINKI’S BIGGEST VOCATIONAL COLLEGE
Come to the beautiful Northern Ostrobothnia and have an innovative learning experience while getting familiar with the Finnish vocational education.

Learn about the Finnish education system in practice by having a hands-on experience: school visits, peer observation, experimental learning, pedagogical strategies and much more! This one-week course is suitable for principals, decision makers, administrators, teachers and educators interested in vocational education.

Day 1: Welcome to OSAO. Introduction to the Finnish education system; getting familiar with early childhood education and comprehensive school, meeting with OSAO practical nurse students, educators and teachers. Overview to general upper secondary school and vocational education; examples of IB career-related programmes. Overview of the quality and university of applied sciences studies; a peek to teacher training. Lunch. Particularities in vocational education: competence based learning, vocational units, vocational skills requirements and assessments of competence, collaboration with work-life etc.

Getting to know Oulu with our students: visit to Nallikari beach, Ainola Park or other places of your choice and enjoying seasonal activities.

Day 2: Visiting the premises and meeting with the students and educators of a vocational education field of your choice at OSAO (e.g. metalwork and machinery, processing industry, social and health care or construction). Lunch. Practical lessons (of e.g. construction, metalwork and machinery, processing industry, social and health care) of your choice, getting started with the common project OR Workshops on themes like education management, curriculum-leading process, pedagogical developing management, lifelong learning at work... Tips on how to take good photos in the Finnish nature by OSAO’s media assistant students. Evening activity: Bowling with OSAO students.

Day 3: The use of ICT in education. Practical lessons of e.g. construction, metalwork and machinery, processing industry, social and health care of your choice; common project work continues OR Workshops on themes like education management, curriculum-leading process, pedagogical developing management, lifelong learning at work...

Lunch. Visit to OSAO’s unit in Muhos. Getting to know farm and domestic animals. Preparing a wilderness meal at a traditional Finnish “kota” hut, activities depending on the season: cross country skiing / snow shoeing / fat biking / hiking / berry picking / mushroom picking at the Matkarjake lake together with OSAO students.

Day 4: Phenomenal learning (home economics/music/exercise/handicrafts/media workshop) together with OSAO students.

Location: Finland – Oulu region in Northern Ostrobothnia and Rovaniemi in Lapland.
Duration: 1 week / 7 days
Price: 3000 euros / participant (net price)
Price includes: 7 day program with school and company visits, presentations, lunches, materials, transportation to visit local schools and day trips to Suotje and Rovaniemi.

Availability: during the academic school year August-May.
Group size: 20-25 persons

SCHOOL CAMP IN HYVÄRILÄ
Hyvärilä School camp - fun activities and some wilderness. During Hyvärilä school camps you get acquainted with the eastern way of life and the typical lake and hill scenery of the area, by the beautiful lake Pieleni. North Karelia is a province in eastern Finland, with Pieleni being the largest lake of the province. The highest point is Koli, which reaches 347 m above sea level. In the east the province is bordered by the Russian Karelia province. Hyvärilä Youth and Holiday Centre is located in Nurmes. Hyvärilä is an official youth center supported by the Finnish Ministry of Education and Culture. The mission is to support the wellbeing of young people by offering a natural, diverse, functional and safe environment and a positive atmosphere.

The Hyvärilä Youth Center’s camps offer fun activities and possibilities to learn new things. School camp in Hyvärilä Youth and Holiday Centre offers you the opportunity to explore • the Finnish teaching method in the form of a camp school • experimental and phenomenal learning • Finnish nature, culture and lifestyle in Eastern Finland.

Outcomes: Hyvärilä school camp is a combination of carefully planned trips, places to visit and practical learning opportunities, and learning has always a goal, to increase self-initiative, creativity and independence.

During the Hyvärilä school camp you have the opportunity to experience the richness of Finnish culture, to taste the local dishes and to adopt a variety of learning experiences.

Hyvärilä’s programs include materials that are well suited for supporting the curriculum. With fun co-operation tasks we teach group working skills, interaction and social interaction skills. From the hikes you’ll remember the observations of different species, the camping skills and the insights as to what happens in nature. Handicraft skills programs increase creativity and the Governance’s visit centre.

Program:
Day 1: Arrival • Arrival to Nurmes and Hyvärilä • Welcoming and introduction of the Hyvärilä Youth Centre • Ice-breaker games
Day 2: Hyvärilä • Introduction of the program • Introduction of the visiting workshop advisors and tutors • Get-to-know games • Group activities
Day 3: Karelian Culture • A visit to Puukari Pyssäki • Exploring the local history • Baking Kareesian pastries • Preparing lunch with the hostess, using wild herbs and berries • Karelian skittles game – A traditional Finnish Karelian game that demands some skills and is fun to play
Day 4: Wildlife Observation • Visit to the Ein-eero Wildfire observation in Keljänpuro – you may see, hear and even film/photoigrph wolvetines, brown bears, wolves, lynxes, beavers, goshawks, golden eagles, white-tailed eagles as well as other wild animals.
Day 5: The Lake Pieleni • Experience the lakes through water activities • Water activities at the Lake Pieleni: Canoeing / Rowing tour / SUP-paddling • Visit to the Bomba House and Karelene Village: Karelian culture and building tradition • Spa Bath
Day 6: Koli • A visit to Koli and a Kaski tour – hiking to the top of Koli • Visitor Center Ukko – Geology • Koli village • Final celebration in Hyvärilä - Farewell party
Day 7: Home Departure: • Departure from Nurmes. Ask for more!

Location: Nurmes, Pohjais-Karjala, North Karelia
Duration: 7 nights
Price: 1295 €/person
Price includes: Accommodation in a hotel or holiday apartments in Hyvärilä Youth and Holiday Centre • full board, breakfast, lunch, dinner, evening snack • program and excursions • entrance fees • transportation to the tours and the visit • at least one (1) of Hyvärilä’s guides with the group every day • price including VAT 24%.
Availability: from May to October
Group size: min. 20 persons

LEARNING ABOUT WOODLAND – FOREST SCHOOL

Learning about Woodland – Forest School is a three-hour excursion in a family-run forest. In the Erola forest you will learn how traditional forest management, tourism and nature protection go hand in hand.

We tailor the activity of the excursion according to your interests. For kids there are treasure maps and nature-related tasks. Heritage and working with the local community and work together with the local residents. Near the Russian border Survival skills are important in Finland and especially North Karelia are known for their forests and music. These are our national treaures. Our location near the border to Russia, in the middle of the northern Saimaa Lakeland is one reason why music is so important here and many famous artists come from the area. Forestry has always been important. People had to find their way to survive. Today you will for instance find the world’s biggest birch tree sap producer in North Karelia. Modern forestry machinery requires special education. Advanced technology is helping both in education and in actual work in forests. In our Forest School you also learn how to protect nature and help endangered species to survive. We feed the white-backed woodpecker in winter, and in 15-20 years it might have become successful. We also protect the world’s most endangered seal, which can only be found in the lake Saimaa in Finland. The ringed seal is currently under threat of extinction but with immediate action it can still be saved. We use special stoppers in fish traps and join the conservation volunteers to build nests for seals in winter if there is not enough snow on the frozen lake.

https://www.sll.fi/mita-meteemne/laitj/saimaanorppa/ringed-seal

Location: North Karelia, Rääkkylä, Verpasalo Island. Apajalait Nature Trail
Duration: 3 - 4 hours
Price: Depending on course details. From € 35 / person.
Price includes: We tailor the courses according to your interests. The program as agreed, guide, teaching, material. Traditional Finnish way to relax in the forest. Coffee, tea, soft drink and snack by campfire.
Availability: All year round

MEHACKIT CREATIVE TECHNOLOGY EDUCATOR TRAINING

Mehackit offers practical training for educators to help make technology skills more evenly distributed among young people. An educator can be a teacher or, for example, a coding club or youth instructor. We help educators to bring creative technology learning content into classrooms in a project-based and fun way. We focus on secondary schools (13-18-year-old students).

Our approach is based on the Finnish curriculum. We have offered our courses in almost 20% of Finnish upper secondary schools with the help of our instructor network. We combine creativity and project-based learning with technology. Our aim is to give everyone a positive first experience of carrying out technology projects themselves, to demystify and democratise technology.

Location: Helsinki region
Duration: 1-5 days
Price: 200 EUR + vat / person / day including lunch
Price includes: The hands-on workshop for a group of 15 educators includes content from just a couple of modules up to a wide range of content. Examples of content: programming electronic music, building and programming electronic gadgets, programming visual art and animations, making a music machine, toy hacking, co-creating for a connected and sustainable future. Each participant will receive an award. The badges will be an international proof of the educator's skills at different levels and in different topics. It is possible to continue the training via a Mehackit online course after the live training (blended) and earn more awards. We provide the materials needed.

Depending on the size of the group there may be extra costs: 1) Your own or rented laptops and headphones may be needed.
2) A larger space for a workshop may be needed.

Availability: On request
Group size: 15-100 persons

HELSINKI SUMMER SCHOOL, UNIVERSITY OF HELSINKI
Helsinki Summer School is organised annually in August by the University of Helsinki. The University of Helsinki is proud to be constantly ranked among the top one hundred best universities in the world and amongst the 20 best universities in Europe. Helsinki Summer School is an international summer school offering courses that cover a wide range of academic fields and multidisciplinary topics. All HSS courses are taught in English.

Helsinki Summer School is perfect for students who have completed at least two years of university-level studies and wish to • earn credits during the summer • learn more about an interesting topic • update their professional skills • carry out a short study period abroad • try out studying at the University of Helsinki.

Location: Helsinki
Duration: 7th - August 23rd 2018
Price: 990 -1490 EUR
Price includes: The Helsinki Summer School course fee includes: course registration and study facilities in Helsinki at the University of Helsinki, free events within the HSS social programme.
Availability: The application deadline is June 26th, 2018. The earlier student applies the better, as students are accepted on a first come, first served basis and HSS only accepts a limited number of students to each course.
Group size: HSS accepts applications from individuals (applying as a group on one application is unfortunately not possible). The course group sizes vary, but there are normally between 15 and 30 students per (min/max) course. The students come from different countries around the world. Usually, there are also some Finnish students on the courses.

• Ministry of Education and Culture is responsible for developing educational, scientific, cultural, sporting and youth policies, with the addition of international cooperation in these fields.

• Finnish National Agency for Education is an agency under the Ministry of Education tasked with the implementation, monitoring and overseeing of the development in the educational sector.

• The Finnish Education Evaluation Centre (FINEEC) is an independent government agency responsible for the national evaluation of education. The evaluations of FINEEC cover the education system in its entirety, from early childhood education to higher education.

• Finnish ENIC/NARIC (European Network of National Information Centres on Academic Recognition and mobility / Network of National Academic Recognition Information Centres).

• The Academy of Finland is the primary funding agency for research done in Finland.

The Finnish National Agency for Education arranges international visits as paid services. The visits consist of lectures in so much as they concern the agency’s own field and level of expertise.
